Dear Mr. Mugden:

The purpose of this letter is to communicate to you without prejudice to any position any of the Potentially Responsible Parties may ultimately take in this matter and to confirm the advice that the Potentially Responsible Parties gave the Environmental Protection Administration at the meeting of December 13, 1984 in connection with the \$106 Order relating to the Duane Marine facility. Specifically, Robert Blanchfield has been designated interim site coordinator until a further designation can be made as a result of advice Potentially Responsible Parties may receive from their Technical Committee. All this is pursuant to paragraph 40 of the Order. It is made, as the other agreements were made, without prejudice to any rights the Potentially Responsible Parties may have with regard to other sections of the Order. Mr. Blanchfield may be reached by phone at (201)365-3537. Because of the Holidays, he felt it appropriate to assure you that he may also be reached at home and to provide his number for that purpose. It is (215)252-8548.

If you have any questions, please do not hesitate to call him or me.

Very truly yours,
